

PRESS RELEASE

UK-MHRA reinstates full GMP status for Indoco's Goa Plant I

September 13, 2019, Mumbai: Indoco Remedies announced that the Inspection Action Group (IAG) of the United Kingdom has confirmed that the GMP status for its Goa Plant I has been fully re-instated by UK regulator, The Medicines and Healthcare Products Regulatory Agency of the United Kingdom (UK-MHRA). This is an outcome of the full GMP inspection conducted by the MHRA from May 21 – 23, 2019.

MHRA had inspected the Goa Plant I in March 2018, which resulted in issuance of a restricted GMP certificate for medicinally critical products and a statement of non-compliance was published in the EUDRA GMDP data base. Subsequently UK-MHRA conducted a 'Focused Audit' in October 2018 and GMP audit in May 2019. These audits were completed with no Critical Observations and Indoco has now received a full GMP status for its Goa Plant I. The revenues from Goa Plant I were about Rs. 135 crores in the year FY 2017-18.

"Indoco continues to be quality driven and adapts & assimilates cGMP with strict adherence to environment, patient safety and efficacy in our processes and products. With this positive development, our operations in Europe will now take off on a fast-track.", said **Ms. Aditi Panandikar, Managing Director – Indoco Remedies Limited.**

Goa Plant I manufactures Solid Dosages, Liquid Orals and External Preparations.

About Indoco Remedies Limited:

Indoco Remedies Ltd., headquartered in Mumbai, is a fully integrated, research-oriented pharma Company with presence in 55 countries. Indoco, a USD 140 million Company, employs over 6000 people including more than 300 skilled scientists.
